

3.2.1 Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge.

The institution provides a conducive atmosphere for the active promotion of innovation and incubation by providing appropriate direction. Among other things publishing news stories, research papers, and project applications are supported followed by workshops, seminars, and awareness campaigns on entrepreneurship. Students get the opportunity to network with prosperous business owners. Holy Cross College is taking the initiative to host various events such as Campus Bazaar and Monthly Exhibition of Student Self Help Groups (SSHGs). To enhance student learning, the faculty members employ a range of methods, such as interactive exercises, fieldwork and project work, computer-assisted learning, experiments, and lectures.

Field Study : The Science Forum at HCC held a special event on December 20th, 2023, to celebrate **National Energy Conservation Day**, sponsored by the Tripura Climate Change Cell. The event aimed to raise awareness and encourage students to be environmentally responsible.

The Science Forum at HCC held a special event on December 20th, 2023, to celebrate **National Energy Conservation Day**, sponsored by the Tripura Climate Change Cell. The event aimed to raise awareness and encourage students to be committed to continuing the efforts in empowering students to be proactive stewards of the environment.

The Science Forum at HCC, sponsored by the **Tripura Climate Change Cell**, celebrated **World Ozone Day** on September 27, 2023. The event included a speech competition and poster-making contest, aimed at raising awareness about the ozone layer's importance in protecting life on Earth. The event emphasized collective responsibility in combating climate change and emphasized the need for students to be advocates for a healthier planet.
