#### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

As per the guidelines of the parent university (Tripura University - A Central University) all semester examinations are conducted in the college on behalf of the university. The question papers of examinations are designed and provided by the university. For General Degree Course university semester exams carries 80 marks and 20 marks are given/evaluated on the basis of internal exams conducted by the College. And for BBA, university semester exams carries 70 marks and 30 marks are given/evaluated on the basis of internal exams conducted by the College. The college follows criteria for internal evaluation system as given by University and also through various criteria decided by the various departments of the College. All the circulars are communicated on notice boards from time to time. The faculty informs and elaborates the syllabus, its objectives and paper patterns to students at the beginning of the session. The faculty members provide extra guidelines, mentoring and counselling to students. Thus, the system provides ways and means to ensure its credibility and reliability. The following are the evaluation processes implemented by the college: • Internal Assessment Tests • Projects • Seminars • Class Presentations • Sessional/Pre-Semester Examinations • Practical examinations • Viva-voice • Group discussion • Assignments The results and marks of internal marks and practical marks are communicated to university as per schedule. This practical exam is strictly conducted with adherence of university rules. Final results are declared by university.

#### 7.2 – Best Practices

# 7.2.1 – Describe at least two institutional best practices

BEST PRACTICEI Title of the Practice: Value Education Objectives of the Practice: The motto of Holy Cross College is educating hearts and mind and the college has always believed that the very purpose and main function of education is development of an all round and wellbalanced personality of the students, and also to develop all dimensions of the human intellect so that young citizens can help make our nation more democratic, cohesive, socially responsible, culturally rich and intellectually competent. Keeping this in mind, the college holds regular mentoring and Value Education classes that are integrated into the curriculum. Context: college students at the brink of early adulthood are mostly in need of special attention and guidance in order to

protect them from falling prey to vices and developing mental health issues. Itis one of the fundamental prerequisite in today's fast paced world that college students are trained to care for their physical and mental health with as much diligence as they have for pursuing their ambitions. Thus, Holy Cross College strongly feels that modern modes of teaching learning must be balanced with a simultaneous awareness and training in ethics and human values in order to impart a holistic education. Value Education classes are held to develop other facets of one's personality like the emotional, social and spiritual aspects that are required for the growth of healthy attitudes, habits, values, skills and interests among students. The Practice: The members of the faculty of the College conduct Value Education classes once a week throughout each academic year with every batch of students including B.Ed students. It has become imperative to include Value Education in the context of higher education in India to impart life skills to technologically competent but often spiritually and emotionally impoverished students, who despite their academic credentials, find it difficult to cope with real life situations. Value Education classes emphasize the need for a commitment to integrity, self awareness, respect and care of others including peers, discipline and discernment while teaching soft skills like decision-making, participating in group discussions and communication strategies etc. It also teaches life skills to cope with gender issues, compatibility in family life and coping with anger and stress. If a student needs a special cancelling, college has a Counseling Centre with a fulltime counsellor and 3 nos of part time counselor who attends students regularly. The college also has Honesty and Amenities store (operated without any shopkeeper) with an aim to create honesty and sense of responsibility among the students so that they pay/ deposit the expected amount after buying the item from the store. Evidence of Success: Value Education has always been an integral part of a holy cross education. As most of the students of the college are 1st generation graduates (mostly from the indigenous community), they enter college as students lacking self-confidence but graduate as confident, happy individuals who believe in their worth and effectively utilize the important soft and life skills that they learn in college. Our students selflessly dedicate themselves to the cause of blood donation, Antidrug campaign, and promoting decent standards of health sanitation. BEST PRACTICE II Title of the Practice: Keeping faculty abreast with contemporary areas of the discipline so as to impart quality education. Goal Aims and Objectives: The Institute organizes Faculty Development Programs (FDP's), seminars, workshops etc. and also encourages members of the faculty to participate in the Refreshers course, Induction course, conferences, methodology workshops etc. for enhancing and upgrading knowledge of faculty members. Such practices have deep impact on quality enhancement and overall development of faculty as well as students. It positively impacts the academic functioning of the Institute and facilitates the role of teacher as educators and mentors. The Practice: The Institution conducts the FDP's/seminars/workshops/Guest Lectures every academic year to upgrade their knowledge and skills, to improve their effectiveness as teachers and mentors, to promote research work in their field of specialize, to inculcate values and ethics. The college also provides financial assistance to the teachers to participate in such programs outside the state/country.

#### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Holy cross college believe that the colleges are not seats of learning but also promoters of cultural, social, spiritual and moral values of the country so as to enable the students to acquire a good character and a balanced personality. Holy cross college is a 1st private English medium college in the state of Tripura founded, animated and enlivened by the congregation of Holy cross with an aim to educate the whole personality of the youth, educating their hearts and minds. The quality education is provided through regular classes and by conducting various programs where students are fully involved. Various cleaning and awareness programs are conducted by the NCC and NSS unit of the college. Various Social Programs like Fresher's Welcome Teachers? Day and various Games Sports events like College Week, Inter class basketball tournament, volleyball, inter-class singing and dancing competitions etc, are organized with the help of students themselves. Staff and Students are sent to visit other institutions, colleges and industries through various Student Exchange programs, Field Trips etc.
